

# eQUOTES

Electronically review, edit, and approve quotes

## What is an eQuote?

eQuotes represent suggested orders from your Fastenal branch. Electronically review, edit, and approve quotes from your servicing Fastenal branch, including suggested VMI replenishment orders, without having to enter or re-enter data. This tool streamlines communication with your local Fastenal representative and gives you total control over what is delivered to your facilities.

- eQuotes allow your local Fastenal representative to send quotes directly to your Fastenal.com account
  - › Accept, reject, and modify orders
  - › Add or remove SKUs
  - › Increase or decrease quantity
- Add order information: PO, job number, shipping information, etc.
- Reduce over-stocking and under-stocking of product
- eQuotes can be reordered for 30 days at the quoted price, and remain on Fastenal.com for 180 days
