

FREE MINI ANGLE SANDER!

OFFER VALID: MAY 1 THROUGH JUNE 30, 2019

WE'RE PUTTING A FREE MINI ANGLE SANDER IN THE PALM OF YOUR HAND

ORDER 100 OF THE QUALIFYING QUICK-CHANGE DISCS, MIX-OR-MATCH, THEN CHOOSE YOUR FREE MINI ANGLE SANDER TO GO WITH THEM.

WHAT'S IN IT FOR YOU?

You'll need something to run those Norton Blaze and Vortex Rapid Prep Quick-Change discs on so we will make it smooth and easy to get a FREE mini angle sander.

Blaze Quick-Change Discs are the best choice for tough applications on stainless steel and other hard-to-grind materials. With its self-lubricating, supersize grinding aid treatment you can expect the coolest cut and significantly faster cut rates. No need in worrying about a lot of change overs either. With the 3-ply, heavy-duty laminate y-weight backing these discs resist edge-fray for long lasting runs.

If non-woven is needed then our Norton Vortex Rapid Prep quick-change discs will take you to the next level of sanding. A proprietary engineered grain delivers cutting speed with consistent finish of finer grits to reduce process time by 50+% in grit sequences. With the Clean Bond resin system surfaces are smear-free, even on high nickel content alloys, and will not load on aluminum and soft metals.
